McDONALD STYLOGRAPH LETTER COPYING BOOK

It has been the Standard Manifold Letter Copying Book for thirty years. Used by Business and Professional Men everywhere. Saves time, money and worry. Made in Note, Large Note and Letter Sizes. Sample Sheets and Prices sent on application.

MANUFACTURED AND SOLD BY
J. S. McDONALD COMPANY
601-611 Irving Park Blvd., Chicago

McDONALD KEY LOCK BINDER FOR LOOSE LEAVES

TEMPORARY OR PERMANENT—WITH OR WITHOUT REMOVABLE KEY

Equipped with a perfect and positive mechanism, which is combined with book covers made of material selected to stand wear and rough handling; the covers being extra thick—binders' boards, covered with extra heavy duck, and rounded corners reinforced with durable Russia Red Cowhide. The locking device is concealed in the top cover, and being a part of it, takes no more space than the cover itself and allows use of the filing posts to full capacity. When the binder is filled, no metal parts are exposed and it may be used for reference without scratching or marring the furniture.

TO THE TRADE.

IN OFFERING THIS CATALOG of Commercial Stationery we desire to bring to your notice the completeness of the line. In compiling the book we have catalogued goods carried in stock, orders for which can be filled without delay. Articles in our line that are not listed we will accept orders for and will secure and deliver such with promptness. New goods of value, as they are placed on the market, will be stocked and orders filled at lowest prices. Owing to occasional changes in the cost of manufacturing, many of the prices in this issue will be subject to change and we assure the trade that in such events goods will be billed at the best possible prices. We would be pleased to quote on quantities, and for contracts or export. Throughout the catalog are listed many articles under the names of

"CHALLENGE" "BAINBRIDGE" "H. B. & CO."

"RUGBY" and "COMPETITOR"

Goods so labeled are well made and will give entire satisfaction. We solicit your orders through the mail, as well as through our representatives, and assure you that such orders will have prompt and careful attention.

ONE COPY OF THIS CATALOG WILL BE
SUPPLIED TO EACH HOUSE IN THE TRADE.

HENRY BAINBRIDGE & CO.

NEW YORK, OCTOBER 2, 1905.

TO THE TRADE

OFFERING THIS CATALOGUE OF GOODS
we desire to bring to your attention the fact that
the line of goods in this catalogue is a complete
range of goods in stock, which we will sell
without delay. We have a large stock of goods
which we will sell at a low price, and we
guarantee that the goods are of the highest
quality. We will accept no orders for goods
which are not in stock. The goods in this
catalogue are of the highest quality and are
sold at a low price. We will accept no
orders for goods which are not in stock.

"CHALLENGE" - "RUGBY" - "ONE FIVE"

Goods as labeled and sold at a low price
without delay. We will accept no orders for
goods which are not in stock. We will accept
no orders for goods which are not in stock.

ONE COPY OF THIS CATALOGUE WILL BE
SENT TO YOU FREE OF CHARGE.

NATIONAL BANK.

Writes, dries and remains, under all conditions, a deep, bluish black, which is ineradicable by any chemical known to science. An absolutely safe ink for use on all sorts of valuable documents, negotiable papers and the like, because the *writing cannot be removed* without destroying the fibre of the paper.

No.

Ink removed by moistening the spot and applying the pencil.
1 doz. on card, - - - per doz. \$2 03

Library Inkstands

For the past **Thirty-five years** we have manufactured and placed on the market a complete line of Library Inkstands in various styles and finishes of wood.

Our many years of **experience** enable us to offer to the trade a line of Inkstands that is, in elegance of finish and quality of material, superior to any other.

The **Bases** are finished with the highest polish obtainable, in Oak, Antique Mahogany, and Ebony. They are made from perfectly seasoned wood and will not warp.

The **Wells** are of the best Imported Crystal Cut Glass, and are carefully fitted to each base.

Manufactured with true proportion of base to inkwells. No unsightly bases with small or misfitting wells will be found in our line of Library Inkstands.

We invite a **comparison** of our Inkstands with other makes on the market and believe that for correctness of style, beauty of finish and quality of material, they will be found unsurpassed.

We Guarantee every one.

We have also placed on the market a line of Inkstands made with same first quality bases, but fitted with Cut Glass wells of domestic manufacture. The same attention is given to these as heretofore mentioned; the difference being in the quality of the cut glass wells. The numbering on this line is the same with an additional "D" (domestic).

Per doz. \$3 60

No. 1.	Light Glass,	per doz.	\$2 70
" 2	Heavy Fluted Pattern,	"	2 70
" 3	" Twist "	"	2 70

The Cap is made of Pressed Flint Glass.
The Cover and bottom portion are Black Enameled.
The Disc prevents the accumulation of mucilage at the mouth of the Cup.

When a Disc wears out or becomes unsightly from use, throw it away and replace with a new one.

A large supply of extra Discs in bottom compartment of each Cup.

Per doz., - - - - - \$3 00

THE PERFECT.

It is made of Frosted Aluminum. The moisture from the Water Chamber prevents gumming and thickening and evaporation.

Per doz., - - - - - \$6 00

THE IDEAL.

THE SCATTERGOOD.

Ground joint at bottom of Cover, where it rests on bottom receptacle, makes it air tight—Cover larger in diameter than mouth of receptacle, so lifts off readily and will not stick to mouth, contact being on bottom only.

Per doz. - - - - - \$5 25

TRAVELERS'.

Nickel Plated, Air Tight, cannot become foul.

Per doz., - - - - - \$2 50

The Nickel Top is removable, and the Bottle is easily cleaned.

ENVELOPE AND STAMP MOISTENERS

THE SCATTERGOOD.

No Evaporation

One filling with water will be sufficient to last for weeks.

Surplus water flows back into bottle through space around inner well, which contains sponge.

Diameter, $3\frac{3}{8}$ ins., height, $2\frac{1}{2}$ ins., per doz. \$5 25

THE EUREKA.

Explanatory

A—Handle to be filled with water. B—Water-tight removable screw cap. C—Felt which absorbs water and moistens envelope. D—Sealer.

Always ready for use, as the water is in the handle and percolates through the felt.

Nickel Plated, - - - per doz. \$6 00

"The Right Machine at the Right Price"

Addition

Subtraction

Multiplication

Division

PRICE \$75.00

THE manufacturers of the BEACH CALCULATING MACHINE are convinced that a large percentage of business men will gladly welcome a machine that possesses all the requisites of accuracy, speed and durability, and is sold at a price so reasonable as to permit of its general adoption.

The operation of the BEACH CALCULATING MACHINE is so simple and so readily understood that little instruction is necessary to enable even a child to properly and rapidly perform any arithmetical proposition, and while some practice is necessary to secure great rapidity, a novice can, with a few minutes' practice and without mental effort, do sums in addition more rapidly than an expert who has to set down the figures and add mentally.

The device arranged on the BEACH CALCULATING MACHINE whereby each item is shown as recorded, obviates entirely the requirements of a list for checking purposes, as both the item and total are in sight and in large figures.

A 30-Day Trial of This Machine is Solicited

WRITE FOR ILLUSTRATED ART CATALOG

PAPER CLIPS AND FASTENERS

THE NEW YORK CLIP.

Exact Size.

Made from best quality spring steel. Will securely hold a number of sheets of paper. Easily applied and easily removed.

Packed in boxes of 250, - - - per 1000, \$0 27

Special price for lots of 100,000, in which quantity they will be supplied with special label if desired.

THE NIAGARA CLIP.

Exact Size.

Made of Spring Wire. Brass or Steel.

This Clip will hold securely from the thinnest sheet of paper up to $\frac{1}{4}$ inch thickness.

Packed in boxes of 100, 10 boxes in carton, - - - per 1000, \$1 05

THE TRIUMPH EYELET PUNCH AND FASTENER

(SOLE AGENTS.)

A new tool which is greatly superior to any other of its kind. It is well delineated in the cut. The Gauge is a feature of great utility and the obnoxious breakages of Springs, etc., which continually occur in other Eyelet Punches, are impossible in the Triumph.

Every Punch Guaranteed.

No. 1. Guide piece slotted with adjustable gauge secured by thumb screw. This enables papers to be punched at uniform distances if required.

No. 2. Cutting punch penetrating through cutting die. Place papers, leather, or other articles to be perforated between the upper jaw and cutting die; close the Punch by the handles and perforations are made.

No. 3. Insert eyelet in papers, place the flange or upper rim of the eyelet against the eyelet compressor, as shown in Figure 3 of diagram; close the handles and the eyeleting is perfected.

HAND TALLY REGISTER.

This little Register tallies from 1 to 1000, and can be set to Zero at will. It is simple in construction, can be carried in the pocket, is about the size of an ordinary watch and weighs about six ounces. It is used by Railroad, Telegraph and Steamboat men for checking or tallying ties, telegraph poles and passengers, and all kinds of freight, by cattle men for counting cattle and sheep, by lumber men, loggers and timber estimators, and at places of amusement for counting the people going in and out. In fact, it can be used for any purpose where a correct count is desired to be kept.

No. 0. Registers from 1 to 1000,	each, \$2 50
" 1. Registers from 1 to 10000,	" \$3 50

VICTOR ADDING MACHINE.

Will add one, two or three columns at a time with Positive Accuracy.
Each, - - - - - \$4 17

PERFORATORS

THE I-P ADJUSTABLE PUNCH.

Punches one, two or three holes at will of operator without changing mechanism.

Has automatic adjustment for regulating distance between holes.

Has automatic gauge for regulating depth of holes.

Distance between holes from one inch to seven inches.

Capacity: All you can get in—one sheet or twenty.

Mounted on heavy oak board—nicely finished. All exposed metal parts highly nicked.

Each, - - - - - \$3 50

WESTERN ADJUSTABLE PAPER PUNCH.

Will cut the holes anywhere from $1\frac{1}{4}$ inches to $7\frac{1}{4}$ inches apart. Regular size of Punch makes holes $\frac{1}{4}$ -inch diameter.

An accurate scale being provided at the back, it may readily be set at any intermediate distance.

Polished Oak Base, $9\frac{1}{2} \times 12\frac{1}{4}$ in., Enameled and Nicked Trimmings, - - - - - each, \$5 00

THE TEMPLE PUNCH.

Perforates easily one inch of solid paper, is about the size of a Notary Seal Press, and for its size is the most powerful Punch made.

It is the only Hand Punch that can perforate for filing any of the popular magazines of the day.

Each, - - - - - \$4 00

SHANNON.

Cabinet Perforator, - - - - - per doz. \$13 50

SAMSON PUNCH.

Iron Base, $5\frac{1}{2} \times 7$ in., Enameled and Nicked Trimmings.

Per doz., - - - - - \$21 00

PIN-KAP.

A Protector for all makes of Pin Tickets. Easily and Quickly Applied.

Take the Pin-Kap on index finger, press side with thumb (as shown in illustration) and insert the prongs of Pin Ticket, then flatten out and the sharp points of Pin Ticket will be securely fastened and covered.

Protects samples and articles of all kinds from mutilation in mailing, shipping, and counterhandling.

The illustrations below show the front and back view of Pin Ticket with Pin-Kap attached.

COIN TRAYS AND MONEY CHANGERS

STAATS' MONEY CHANGERS.

The Changer has Six Graded Columns, one each for Dollars, Halves, Quarters, Dimes, Nickels and Pennies. By depressing the Lever at the bottom of the column, one coin at a time drops into the open hand, thus enabling the operator to make change for any amount, rapidly and accurately. The Gauges on columns show amount of money in Changer. Tray is above and can readily be removed when desired and used independently. It is divided into compartments for the purpose of holding coin of different denominations, five holding ten dollars each in Dollars, seven holding five dollars each in Halves, nine holding two dollars each in Quarters, ten holding one dollar each in Dimes, and five on outer edge of Pan holding fifty cents each in Nickels. It is Nickel Plated and Bronzed.

No. 1. Changer, 10½ in. long, 11 in. wide, 6½ in. high, each, \$11 33

No. 2 COMBINATION CHANGER

Is No. 1 Changer enlarged for Gold Coin. The Changer holds \$200 in Silver and \$2500 in Gold. Is Nickel Plated and Bronzed.

No. 2. Changer, 17 in. long, 10½ in. wide, 6½ in. high, - each, \$18 00

UNIVERSAL CASH REGISTER.

By placing the Cash in the Case, it is counted and registered instantaneously, and a single glance shows the amount. Can be laid Flat or set at Two Angles. Will hold Coin to the value of \$90 00.

9½x5 in., - - - - - per doz. \$10 00

STAATS' COIN TRAYS.

No. 5000.	Gold Tray. Holds \$5000 in 20s, 10s, and 5s,	-	each, \$2 40

HODGES' ECONOMY DRY BATH.

The moistened pads are placed in the Bath, the metal cover is laid on top of the pads and the lid of the receptacle is closed. The spring shown in the above illustration keeps the pads smooth and prevents the air from absorbing the moisture. No water is poured on the pads or in the Bath, hence the name—"Dry" Bath.

COPYING BOOKS

THE PEN-LETTER.

LETTER BOOK.

Use your own Paper, your own Ink, your own Pen, write your letter and it is copied.

The Pen-Carbon is attached to a Clip which holds the Letter Paper firmly while writing, and at the same time acts as a "handle" to the Carbon Sheet, which is never touched with the hands, and which prevents the possibility of soiling them. Cloth Binding. Leather Back.

No. 1.	Letter Size, Complete (8¼x12 in.), Renewable,	per doz.	\$24 00

500 Sheets to the Ream.

This paper should never be cut through the back and folded, to make smaller books. The grain runs from top to bottom.

It is folded in sections of twenty five sheets.

The first column in above table gives the length of paper from top to bottom; the second column, the width, when opened out flat.

THE BARTLEY BOOK OPENER.

An excellent little device for holding book open.

Leaves are turned without removing the holder.

No. 1. Nicked, - - - per doz. \$3 00

TYPEWRITERS' ERASING SHIELDS

TYPEWRITERS' ERASING SHIELD.

Size, $2\frac{3}{4} \times 3\frac{1}{4}$ inches.

Nickel Plated, - - - - - per doz. \$1 50

THE "ERA" ADJUSTABLE ERASURE SHIELD.

Is made of a Superior Quality of Metal, 5×2 inches, and being very thin and flexible conforms readily to the cylinder of the typewriter. Nickel plated.

The "Era," - - - - - per doz. \$1 50

CELLULOID ERASING SHIELD.

CELLULOID gives better use of HAND and is especially good for erasing in last line of any word, and any line of space work. For the latter, place as for use in last line and tear upward with rubber. No need to rub whole in the paper by erasing through a slot; use THE EXTENSION.

Transparent Celluloid; can be washed like a dish. No stain from metal to be erased after the ink is gone. Can see right through; no trouble to find the place when making alterations. (Erase here) JUST TRY IT.

Celluloid, $3\frac{1}{2} \times 4\frac{1}{2}$ in. - - - - - per doz. \$1 80

TYPEWRITER ROLLER ERASING SHIELD.

For use in Erasing when Making Carbon Copies.

Placed between the carbon and the sheet on which erasing is done, the shield prevents carbon copies from being smutted. Nickel plated.

Roller Erasing Shield - - - - - per doz. \$2 25

STYLUS.

Porcelain Stylus, Swell Black Polished Handle, - - - - - per doz. \$1 13

Agate Stylus, Swell Black Polished Handle, - - - - - per doz. \$1 88

SMITH'S ADJUSTABLE INDEX TAGS.

Spring Steel Clips Enclosed in Leather Tabs.

Plain Leather Tags are made in the five sizes shown below. The Leather is Light Tan, presenting a good surface for writing in black.

Paper Faced Tags have a facing on each side, over the leather, of Best Buff Scotch Linen Ledger Paper, which gives the most desirable surface for writing inscriptions with ink or pencil. They are made in the five sizes shown below.

Erasable Tags.—The paper faced tags will stand from 1 to 3 erasures of ink and from 20 to 50 of pencil. Gummed Stickers with which to renew the facings are furnished for 10 cents per hundred.

1/8 Inch Size,
8 Cents Each.

3/8 Inch Size,
7 Cents Each.

1 Inch Size,
10 Cents Each.

1 1/2 Inch Size,
11 Cents Each.

2 Inch Size,
12 1/2 Cents Each.

The lists below each illustration are the prices for lots of less than 25 Tags.

Per Set of 250.....75 cents.

Dennison's

CRÊPE PAPER NAPKINS

are, because of their superior quality and beautiful designs, the largest selling line on the market. They can always be recognized by the perfection of the crêping, the delicacy of the designs and printing, and by the blue band on each hundred with the name **Dennison's** printed thereon.

January 1st of each year new designs are issued, the current year's additions being a great advance in beauty and style over previous issues.

SOME OF THEIR ADVANTAGES.

They are absolutely clean, made from paper free from all impurities and finished in our own factory under the perfection of cleanly conditions. (All will acknowledge the possibility of opposite conditions when it is known that imported napkins are printed by hand in Chinese and Japanese homes.)

They are free from all odors so much complained of in imported napkins.

The paper is tough in fibre, soft and pliable, and answers perfectly the conditions required in a paper napkin.

THE LINE FOR 1905 CONSISTS OF THE FOLLOWING DESIGNS:

PRICES IN

THE
"CAPITOL"
 INKSTAND.
 (Patent Applied For.)

The Illustration is Half Size. Weight is Nearly One Pound.

The **"CAPITOL"** is a Large, Handsome Inkstand for the Bank—the Office or the Library. There is no loss by Evaporation, as the body of Ink is kept from Air and Dust, and so rendered clear and fluid until the last drop is used. Depressing of Funnel is avoided. No Time Lost. No Injury to Pens. Just the right amount of Ink is fed. It is impossible to get Ink on Holder. There are but two parts. By removing the Funnel the Glass Well can be filled or cleaned instantly.

PRICE FIFTY CENTS EACH.
